ADDITIONAL OPTION: CHILDREN’S BEDROOM MURALS

In addition to the public healthcare facilities tending to physical and mental wellness of the world, we can also make a “splash” for an individual child’s bedroom. Children with life-threatening illnesses often spend more time in their bedrooms than healthy children due to fatigue and compromised immune systems. Splashes of Hope paints special murals for these children, custom designed to include all their favorite things in the world to remind them of better days ahead.

***Full and Partial Sponsorships are both gratefully accepted.
